Summary: A story about a young man with mysterious powers the CPU'S have never seen before. Is he a friend, is he a enemy? Only time will tell. First fanfiction.

Hyperdimension Neptunia World Link

Chapter 0: Phantom.

Walking inside Planeptune's guild. A young man with black hair and deep blue eyes was staring at the many screens in the room.

"How is this supposed to work again?" Said with a confused expression.

"It's not really hard" A brown haired girl with emerald eyes approach the young man with a friendly smile on her face. She had a leaf looking hair accessorie that fit her so well one would think it was made for her.

"Then, would you explain me?" Answer the man giving back a smile just as frindly.

"Well is easy, you see those screens? *She pointed a the nearest screens*

These screens show you the many different quest you can take. Once you click in one of them you can see the level of difficulty and the amount of money and rewards you can get by clearing it. Easy right?"

The young girl looked at the boy standing in front of her, he had a mostly black outfit, wearing a jet-black coat over a white shirt, black as the night pants and boots, and finally a katana resting at his side.

"Is there something you like" Said the young man with a teasing

tone.

"Eh!" The girl immediately turn furiously red, she did notice that he had a nice body and his face wasn't so bad, she would even call him somewhat attractive but that wasn't the reason she was looking.

"That's not it." She calm herself down. "You are no begginer are you?"

The man stared at her for a few seconds and then answered.

"Why do you ask?"

"No special reason" She didn't have a single thing to support her comment to him, it was only her intuition talking.

The girl put a frindly face again and in the moment she was about to say goodbye to the boy they heard a ruckus coming from the other side of the room, a guy in dark clothes was holding a girl by the arm.

-Please let go of me! desu.

-Just shut up and stop struggling!

At the other side of the room, the girl that was been assaulted had creamy hair and a cream color sweater, a short red skirt and cream colored boots.

The guy that was holding her arm, had the typical school delinquent look from any anime ever made.

After immediately recognizing the girl that was yelling, the brown haired girl instinctively rush to help her.

Without even realizing what she was doing the brown haired girl throws a kick to the guy assaulting her friend, but he dodges her and mostly on pure reflex he kicked her right back.

Unable to dodge the kick, the brown haired girl received the full impact and falls heavily to the floor.

"Iffy!" Said the cream haired girl as small tears were starting to form on her eyes.

"Why you?!" IF stared at the guy with a look that could make the bravest guy in the world think twice about his next move.

"What's wit..." before he could finish the sentence, the delinquent looking guy was send flying and crash against a wall near the entrance.

The entire place was left in compite silence, for everyone in the room was shocked by what they had just witness.

IF- How did you?

In front of IF, the man she was just talking to "just appeared". Still trying to understand what she had just saw, IF was

shocked.

"No need to worry, his not dead." The blue eyed man said with a calm and almost uninterested voice.

"How did y..." Before IF could finish her sentence, the man suddenly disappeared in front of her eyes, leaving her with nothing but questions that wouldn't be answered anytime soon.

Author's Note:

Let's start from what's important, english is my second language so this takes me a little while to finish because I have trust issues with my english.

I would truly appreciate if you could take the time to tell me about all the mistakes I made or the things I could have done better.

Next, this is just a preview of what I would actually want to make this little story about. Also, this is my first fanfiction so please know that I'll get better. So please keep reading.

"I know is incredibly short, but I'll get better, I promise.

End
file.
